Product highlights

Easy-to-use interface menus

SuperScroll™ navigation

Double action search keys allow easy speed control when scrolling through large libraries. You can choose to move through your playlist one song at a time or just press and hold down a little harder to SuperScroll™ swiftly to your desired track.

Direct MP3 voice memos

Sing, dictate, record notes directly to MP3 via the built-in microphone.

Direct MP3 recording

Record directly to MP3 via digital or analog line-in connections for real-time MP3 encoded files (No PC required).

Downloads via USB2.0

10 hrs battery life

15GB* capacity

USB mass storage device

USB mass storage devices offer a convenient way to save, backup and move your files around. The devices connect to your computer using a USB connection and do not require any special software to be installed (only Windows 98 and Me need drivers). The device automatically shows up as a removable drive in Windows Explorer allowing you to simply drag and drop files to and from the device.

Fits perfectly in your pocket
